

# Australian Construction Projects Database

Over 2,000 key projects and their year-by-year contributions to construction activity, past and forecast

## Coverage

**Australian Construction Projects Database** provides a detailed listing of past and future projects, looking ahead ten years. A rigorously researched list, updated on a continuous basis, with expected value of work undertaken in each year. Provides an informed view of which projects are likely to go ahead and when. Also lists significant mooted projects which we have assumed will not go ahead in the next decade.
